Some of the benefits / features:-

- Australian Made & Designed - Design Number 14814/2005
- Quick and easy to install - one lag screw with a 5mm hex drive, as opposed to 3 screws
- Easier to hit the target every time with the single lag screw
- Easy to adjust for painting walls
- Stylish design
- Options of 2 styles, 1. Curved top for round hand rails, 2. Flat top for standard hand rails
- Perfect fit - bracket is easily manoeuvred and secured in the required mounting position
- Perfectly suited for angle installation jobs
- Available in our extensive range of finishes
- Custom powder coat colours available on request
- Tested to meet the Australian Standard AS 1428.1-2001
